Basic Food Production, Terminology and Mathematics, an individual event, recognizes participants who are or have been enrolled in a Family & Consumer Sciences exploratory or introductory foods course who demonstrate knowledge and understanding of terminology, equipment & tools, abbreviations associated with food production and consumption, skill in calculating measurements, equivalents, converting recipes, food storage, and sanitation.

EVENT CATEGORY
Junior: through grade 9
Senior: grades 10-12

CAREER CLUSTERS
- Hospitality and Tourism
- Human Services
- Health Sciences

PROCEDURES & TIME REQUIREMENTS
1. Each participant will report to the event room consultant at the designated participation time with two #2 pencils.
2. The participant will have 5 minutes to set up the event. Other persons may not assist.
3. Participants will be briefed in the testing process and be assigned seating.
4. Participants will have 60 minutes to complete the written test. It consists of two parts:
   1) Knowledge and Understanding
   2) Application of Knowledge.
5. Scratch paper will be provided.
6. Participants are not to write on or mark the test in any way. An answer sheet will be provided.
7. Following the signal to begin, the participant will have one hour to complete the written examination. A warning will be given when 5 minutes remain for testing.
8. Participants will not talk, share pencils, or interact in any way with other event participants.
9. All testing materials are to be collected, counted, and returned to the Tab Room at the conclusion of the event.
10. The total time required for participation in this event is approximately 70 minutes, 10 minutes for instructions and questions, 60 minutes for testing.

ELIGIBILITY & GENERAL INFORMATION
1. Participation is open to any nationally affiliated member through grade 12 prior to regional and state competition.
2. Spectators are not allowed to view this event.
3. Participant’s grade is determined by grade placement during the current school year.
Participants will have 60 minutes to complete the written test. Return the completed test to the event coordinator. The test is based on the following criteria. If there is time, the check lists below might be used to help participants identify their strengths and areas that need improvement.

**Knowledge and Understanding**
Participants will demonstrate their knowledge and understanding of measures, conversions, equivalents, terminology and abbreviations commonly used in the food service industry by correctly answering questions and problems. Terminology will pertain to all aspects of food preparation, service and cuisine, including safety and sanitation, cooking and baking, techniques, measurements, tools and equipment used.

STAR Events Point Summary Form
Basic Food Production, Terminology & Mathematics

Name of Participant ____________________________________________________________

Chapter __________________________ State _______ Team # _______ Station # _______ Category _______

Directions:

1. Make sure all information at top is correct. If a student name(s) is not participating, cross their name(s) off. If a team does not show, please write “No Show” across the top and return with other forms. Do NOT change team or station numbers.

2. At the conclusion of testing, verify the score and fill in information below. Calculate the final score.

3. At the end of competition in the room, double check all scores, names, and team numbers to ensure accuracy. Sort results by team order and turn in to the Tabulations Center.

4. Please check with the STAR Event Coordinator or State Adviser if there are any questions regarding the evaluation process.
